

# COSMOLOGY NEWSLINK

INTERN'L

SEPT 1973 - No: 6

*Emergency  
Issue*

Due to many mitigating circumstances, Cosmology Newslink has appeared in this format. It is an emergency issue only, but contains the same material as before.

Due to the run on the foolscap size paper we have reproduced this size with existing stocks of paper. We hope to resume to normal by March 1974.

WHERE HAVE ALL THE  
UFOs GONE??? Before  
the Condon Report  
the sky and UFO  
magazines were full  
of strange sightings  
and there were many  
great and not so  
great Flying Saucer  
publications,; so  
tell me please-  
WHERE HAVE THEY  
GONE?

Lionel Beer who  
produces Spacelink  
said in his leaflet  
LIONEL'S LETTER -11

WHATEVER HAPPENED TO SPACELINK? On April  
1973. He explains: "To one is more concerned  
over the non-appearance of Spacelink than I am. The main problem is  
that in order to keep printing costs  
down, the art-work including typing  
is produced on a do-it yourself basis  
and takes an awful long time to prepare." Lionel lists many other personal  
details for the nearly two year  
delay and continues: "When Janet  
Gregory took up fulltime freelance  
work, she could no longer afford to  
give her valuable time to the magazine. So far I have been unable to  
find anyone to replace her." Continuing further Lionel promises that  
"... regardless of increased printing costs and every effort is being  
made to bring volume 7 number 1 out  
this summer." Well so far it is now  
September and Spacelink, as far as I  
know has not yet been published. So  
Lionel, here's hoping when you read  
this, you will jump off of that arm  
chair of yours in delight that someone  
up here still remembers with  
nostalgia your very fine spaceworthy  
journal, come on lad, lets see it  
about again.

Also on the missing list of magazines  
are: Gemini, Interplanetary News,  
Probe, Awareness, and a host of other  
small but interesting and powerful  
little magazines, that made up the  
number to keep the world AWARE that  
something SHIT IS GOING on up there  
above our heads..come on groups, let's

as this went to press, apart from  
the odd sighting of UFOs etc, all  
has been quiet. Although we do not  
subscribe to press cutting agencies  
we have not really noticed a spate  
of sightings reported anywhere at  
present. Maybe this is the time to  
recap on old sightings which still  
ought to be sifted for new evidence.

One thing we must all learn, and  
it is that although things may be  
appearing to be calm..this may in  
fact be a false illusion.

I telephoned Mark Stenhoff, and he  
agreed that there has been a lull  
in everything ufological in Britain  
and added that out of the hundreds  
of UFO groups in the UK there were  
now only several...So where have  
THEY gone, and WHY!?

Out of all this emerges the stupid  
pranks by some young people who  
visit important skywatches and send  
up hydrogen balloons and ignite it  
somehow with the aid of a photographic  
flashbulb. Ufologist Rex  
Dutta seems to be in the centre  
of this controversy, and although  
he seems outweighed on television  
etc by the pranksters, I am dead  
sure he still will have the last  
laugh yet! Rex seems to be fighting  
an uphill battle, but I know for  
sure the dertermination of the  
skywatchers will outlive the practical  
jokes. Maybe there is hope  
for them yet if and when they see  
THEIR FIRST UFO, they will be very  
sorry and foolish young men.  
Rex Dutta has issued a challenge  
to the Nationwide television team  
for a return sighting to prove his  
case, and may I add, add weight to  
his new book.(Which I have not seen  
incidently).

OoO

Brinsley Le Poer Trench is writing  
another book on UFOs and hopes to  
be out soon. Brinsley has now joined  
Cosmology Newslink as a special  
consultant writer..Welcome BRPT..  
Sorry to have missed out your  
entry on page one.

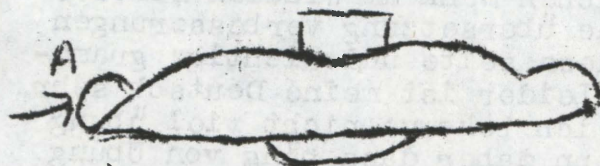

We are going to produce a complaint  
section. If you have anything to  
gripe about the way ufology is being  
handled, then air the gripe publicl  
and maybe we can all sort it out

## RECENT SIGHTINGS

### ENGLAND (Scotland)

Philip Reid aged 19 of Walbot Road Rosthife, saw on Monday March 1970 saw a submarine shaped UFO from his home. It was 8.am aprox Details have been sent into us but briefly. Philip said that the object seemed to drift away at high speed, while watching it. It moved behind an old air raid shelter and then behind a telegraph pole. He said that he heard a slight high pitched humming. It was metallic blue, with silver tint. The object from where philip observed it would have covered about half a match head at arms length. The speed he estimated at around 200 MPH, and was observed at 200 yards.

DRAWING MADE BY PHILIP REID OF THE OBJECT AT THE TIME OF SIGHTING.

Arrows denote direction changes. Object was at a 90° elevation at time of sighting, travelling to 15° elevation.

As far as we are concerned in CNK from this report, this is Mr. Reid's first sighting.

### AMERICA:

Mrs. Betty Jones's UFO that she photographed early this year is very similar to the above sketch. We have tried to reproduce the negative many times for publication but the quality was so dark it is impossible as yet.

SOUTH AFRICA: Report of much UFO activity has just reached us from Mr. D.C.J Hattingh. Will be reproduced fully in the next issue under UFO AT FORT BEAUFORT, PO TECHNICIAN TELLS OF HIS INVESTIGATION. Actual report from Post Office staff own newspaper.

New Zealand: (Next Col')

A UFO was sighted over Dunedin. It was huge, bright yellow and red, cigar shaped and travelling at a minimum speed of 1800 mph.

CANADA: Feb 28, 1973- An UFO was sighted by 2 persons over Burlington and Edward Groves who lives on the 8th floor of an apartment on Prospect Street, said he sighted the object going at great speed in a south-west direction over the town at about 10pm. He called his wife and they watched it, as it seemed to land in the Joseph Brant memorial hospital area. It took off again, however, and went down for a second time.

ENGLAND Portsmouth Feb 10 1973 UFO observed by 2 schoolboys, about size of football, going round in circles.

AUSTRALIA: 3 Women claimed to see a UFO in sky over Lorton on Thursday Feb 10th 1973. Mrs Bulgari and her two neighbours in Mallee St., Lorton described the object as shaped like a shark, with lights in the nose and along the side of the body.

WATFORD (England) A mysterious object claimed to have been seen hovering near a Hertfordshire road is being investigated by experts..in the early hours of the morning at the end of last week. According to eyewitnesses, it seemed to hang almost motionless above a field next to the A414 Hemel Hempstead-St Albans Rd., near the M10 fly-over. Jim Sutoliff 28, was driving home to Howlands, Welwyn Garden City, at about 3.0 clock in the morning. "Just where the road goes under the M10 bridge, I saw a lot of cars pulled up at the side," he said. "I stopped and everyone was looking over a gate at a big yellow glowing ball, hovering above the ground. As one of the astonished watchers went to tell the police, the "thing" shot straight up into the air and vanished." A driver told the Evening Echo his car cut out but started again when the light rose. BUFORA is investigating. (CREDIT FROM Laupa Mundo's Emergency Press.)

SCOTLAND (England):

AMERICA: Frau Betty Jones  
hat diesen selbe UFO gesehen  
es scheint früh in den Jahr.

**Bericht von vielen UFO betrieb  
in Afrika wird bald ins diesen  
zeitschrift balt hier gesehen.**

CANADA: Februar 28 1973:

Edward Groves der in Burlington lebt  
sagte dass er und seine Frau hat eine  
Nacht eine Fremdes objekt sahen. Es  
scheint in der Nähe eine Krankenhaus  
landen, aber abgeschoss wieder hin  
zweimal.

ENGLAND Portsmouth Feb.10 1973

Zwei schulknaben hat eine UFO beobachtet, es ~~führt in kreisen~~ herum.

Lesen Sie alle sichtigungen aus England und andere sachen in CNK, usw.

Korrespondenten und Leser in allen  
Ländern erwünscht. Bitte schreiben  
Sie uns in Deutsch oder Englisch.  
an: 37, The Close, Dunmow, Essex,  
England.

Freunde! Sind Sie in UFOs oder  
Fliegenden Untertassen interessierte?

Sie würden zweifelsohne gerne UFO Nachrichten von England bekommen, finden es aber schwer, da alle unsere UFO-Zeitungen und Zeitschriften in Englischer Sprache sind. Wir hoffen bald eine Deutsche Beilage herausgeben zu können aber nur wenn entsprechender kontakt mit Deutschland gemacht werden kann. Wir fragen daher: Sind Sie in unserer Idee interessierte? In bejahendem Falle bitte senden Sie beigefuegten Schein ein an die adresse oben NUR an EDWARD HARRIS, bitte NICHT an das CNK., vielen Dank. Preis pro Heft DM 2.00. Für ein Jahr (4 Hefte DM 8.00, Briefporto eingeschlossen.) Bis auf weiteres wird Cosmology Newslink in Englisch erscheinen bis ich von einigen Freunden höre ob meine Idee Anklang findet, dann kann es zweisprachig erscheinen und in ferner zukunft wird vielleicht je eine Deutsche und Englische Ausgabe erscheinen. Das hängt aber von interesse ab und ist eure entscheidung.

Herzlichen Dank an William E. Moser  
für die Übersetzung verbesserungen  
auf diese seite und richtige gramm-  
atik. Leider ist meine Deutsch sehr  
faul, ich bekomme nicht viel Übung  
und denn daher dass hang von Übung  
ab.

Bitte uns eine gefallen tun? Ja?  
Wenn vielleicht, finden Sie diesen  
UFO buch nicht interessierte, bitte  
reichen Sie CNK herum zu andere Leute.  
Vielen Dank :     Redakteur

CNK is published 4 times a year.

SAUCER SIGHTED EXTRA  
Credit: Daily Mirror, Monday, Sept.,  
10th 1973- page 4.

"TROOPS FLEE AS 'SAUCER' DIVES"

Two American military policemen saw a "flying Saucer" swoop down on their car in Savannah, Georgia-then it chased them as they fled back to base. The UFO had flashing lights and dived to tree-top level, said the patrolmen. Later police in near-by Manchester also said they saw it.

Please note that the price for South Africa of CNK is: ONE RAND 47 cents for 4 per year. Or 49Cents for one (This includes postage).

We regret that the article by Fred O Gardner and an article by Pat Barnes of SLUFOSG have been misplaced. We hope to bring these when re-discovered.

ADVERTISERS, PLEASE NOTE. WE NOW MAKE THE FOLLOWING PROMISE TO YOU: IF YOU PLACE A PAID ADVERTISEMENT FOR YOUR PRODUCTS ETC THROUGH CNK WE WILL BE ABLE IN TIME TO PUBLISH CNK AS THE WORLD'S FIRST FREE UFO PERIODICAL, AVAILABLE TO ALL, AND CIRCULATION COULD TOP A REALLY STAGGERING FIGURE, YOUR AD.? WOULD THEREFORE TRAVEL FAR AND WIDE AND MANY EYES SHALL SEE IT. CNK WOULD BECOME PROFESSIONALLY PRODUCED. THIS CAN ONLY BE ACHIEVED THROUGH YOUR KIND SUPPORT...GIVE IT A TRY ITS IN YOUR INTEREST, AND MAYBE THE WORLD'S TOO! Advertising rates:

FULL PAGE: £50. HALF PAGE: £25

QUARTER PAGE: £15 BLOCK: £5

Small adverts: 5p per word.

SEND NOW FOR A GUARANTEED WORLD WIDE CIRCULATION to: ADVERTISING 37, The Close, Dunmow, Essex, England. CNK is a non-profit magazine. The above is for a trial period only. Please note that until such times as deems necessary all money transactions must be

made payable to E. Harris ONLY and NOT to CNK. If it is your cheque will be returned. Thanking you

LETTERS TO THE EDITOR

Sir, Thank you very much indeed for your pamphlet "WORLD WITHOUT MONEY" which has been received this week from the AXMINSTER LIGHT CENTRE. When I can I will try to duplicate off your letter to enclose to many people to whom I write. It would indeed be a most wonderful state of affairs if everyone did their best for each other without thought of payment in money. The Atlanteans of course had no currency accounts either-and were so much more advanced than we backward folk today. With every good wish, and kindest thought. FROM: Marilyn Preston  
(Note) If readers are interested in our "WORLD WITHOUT MONEY" Campaign, then write for a leaflet explaining how this is to be done.

OoOoOoOoOoOoO

Sir, Just received CNK today, Aug 73 with my testimony, very good job you did. Thanks.. Leo V Bartsch  
OoOoOoOoOoOoO

READERS. ARE YOU CHANGING YOUR ADDRESS. PLEASE LET US KNOW IN GOOD TIME IF YOU DON'T YOU WILL LOSE A COPY OF CNK. Those of you who have not written for some time, please let us know if you are still at the present address. (ie. Monka Swanson in Canada)-Thank you.

MORE UFO NEWS FLASHES JUST ARRIVED  
ALL FROM Philip Reid in Scotland  
An UFO-like a huge luminous wheel has been spotted by Bournemouth coastguards. (The Sun 13 Feb 1973)  
Police in south Devon were alerted last night to look out for a gigar shaped flashing blue light in the sky after reports of a UFO over Exeter. (The Sun 19 Feb 1973)

A space craft from another world is circling 250,000 miles away according to a British scientist. Mr. Duncan Lunan a Glasgow University graduate, has picked up radio signals from the object which he claims is a probe launched 13,000 years ago. (Sun 27 Dec 1972)

JANET BUSSELL ASKS:

# "DO YOU REALLY CARE?"

All over the world there are problems in maintaining the environment, to keep it free and pure from pollutions, insecticides, Detergents and anything else that mankind can bring about to bring ill health and damage to his home planet EARTH.

Pete Duel was one of the kind American film stars who really cared for his world, and others who lived upon it-your world and mine. He lived to try to right the wrong. It was with great sadness that Pete Duel is no longer with us- but his memory of what he had tried to do has swelled up in thousands of young and old people alike. They are now members of the PETE DUEL ECOLOGY COMMITTEE, who hope to clean up the mess. So if you really care for your world, and would like to see it as new and as clean as the day it was created then why not drop a line to Janet at the PDEC headquarters. Membership is free, and members get a newsletter linking all the members and movement together. Don't delay

write for details today to:  
Janet Busell (CNK), 27, Parkside Estate, Rutland Road, Hackney, London England. 7JY (E9).

## EXCHANGE ADS:

### FORESIGHT

A bi-monthly magazine containing the spiritual aspect of man's being. Radiating Health. Evolution. Love. peace. Featuring subjects on: Mysticism psychic development. (some UFOs) and a lot more in a handy compact readable little magazine. Our New address is: 29 Beaufort Avenue, Hodge Hill, Birmingham B34 6AD, England. 72p + 18p postage etc per year. 12p each.

### PROJECT EL INTERNATIONAL

"What kind of name is that? asked one magazine. "An unusual one" we replied for it has unusual aims. Join us and find out how we can help you, and you can help us in solving some of the greatest mysteries of our times. Write for details to: The Project secretary, 53 Rose Avenue, Worcester, WR4, 9PX England.

### COSMIC REPORTER

A MONTHLY PERIODICAL exploring current news and events of the strange and unknown. Subscription: £1.80 per 12 issues. To: Cosmic Reporter: PO BOX 3 Jonquiere, Quebec Canada.

### EMERGENCY PRESS

THIS MAGAZINE HAS NOW CEASED

### UFO REPORT

A great magazine produced by schoolboys, covering all UFOlogical topics. Bi-monthly publication with diagrams and at least 20 pages per issue. 5p plus 3p postage per month and 30p plus 18p postage per year. (6 bi-monthly magazines) From: Gary Robinson, 107 Daneland, East Barnet, Herts EN4 8PZ England. NOW OUT AFTER A PAUSE! Interplanetary News-15, Nealden St, Stockwell, London. England. 18p each. Editor Mike Parry

## SEEDS FROM SPACE? HOAX OR TRUE?

The full story of this account will be seen in CNK after further investigation. Basically the story was seen in UFO KONTAKT magazine of Denmark about space beings reported to have tried to get an old man to visit their home planet on the other side of the sun. He said that he was too old for the trip, and was thus shown a handful of strange seeds reputed to keep these beings alive for hundreds of years. However it ended in a fight in which the beings left hurriedly leaving the seeds behind for an investigator to sort out. They were planeted and grew profusely, but nobody could identify them or the leaves etc.

They were sent to Austria for examination and STILL nobody had the answer. Cosmology Newslink were sent 4 seeds to test. The results so far are as follows:

It was suggested that the seeds MIGHT be wild oats. This was born out by the fact that our investigator and consultant Roy Lake had his wife Bobby plant one in a pot and it was there for several weeks. It was told to me that wild oat seeds CAN lie in soil for almost an indefinite period until the climate or other changes take place that will begin germination.

Mark Stenhoff, co Editor of the late GEMINI magazine has offered to try an analyse the seeds. Meanwhile a second seed was sent to the Dagenham University college for examination. Results:

### "IDENTIFICATION OF UNKNOWN SEED"

The seed submitted was immediately passed to M. Burden Esq who is more experienced in this form of work. Although of a distinctive type neither he or any of his colleagues were able to make a positive identification. This

does not, however necessarily rule out the possibility of it originating on Earth. Considerable time would be required to consult every available source of information. Signed Stephen J.A. Onis

\* The search is now on for positive identification. There are two more avenues of research yet to take. The full story will appear in CNK when the investigations are complete. Meanwhile, below is a sketch of the seeds. If anyone on earth can recognise them then will you please contact Roy Lake 252, Parsloes Avenue, Dagenham, Essex, England with the information.

## THE SEEDS FROM SPACE?

Colour of seeds are very dark brown to light yellow-brown. This sketch shows actual size.

## LETTERS CONTINUED

Dear Edward, We are sending you Laura Mundo's latest book called 'sex and the scientist/Mystic, hope you enjoy reading it and get much out of it for yourself. Know we appreciate your co-operation in our behalf and all concerned in general. In regards to your P.S Remark- "I am not from space neither is Gray Barker or the rest but hope perhaps one day to, maybe". All we got to say is:- QUIT PULLING OUR LEG! Our best wishes to you.

From: Carmella Falzone. Co-Dir.  
3 Copies of the above book are available from: Laura Mundo Enterprises, Box 142, Dearborn Heights, Michigan-48127 U.S.A  
\$1.00 or 48p (UK currency)

A COMET IS APPROACHING OUR SOLAR SYSTEM NOW. IT WILL BECOME VISIBLE IN OCTOBER AND WILL BE THE BRIGHTEST OBJECT IN OUR SKIES. IT WILL DISAPPEAR ABOUT DECEMBER.1973

## CONTACT SECTION

This section deals with man's attempt to establish real contact with extraterrestrial creatures from outside our own world.

Continuing from issues 1,2,3,4,5  
FROM Science Horizons April 1972

...space travel as man knows it would be out of the question for contacting a civilisation in another solar system. If an astronaut were sent off in a space ship travelling at rocket speed of five miles per second, for example it would take him at least 80,000 years to reach the nearby star - Proxima Centauri, which is 4.3 light years away; more distant stars might keep en route for hundreds of thousands, or millions of years. But if technological civilisations are capable of surviving hundreds of thousands of years, as the optimists at the conference suggested, the number thriving at any one time would be much greater, the average distance between them reduced and the possibility of communication - at least by radio - greatly increased.

Says Astro-physicist A.G.W. Cameron of New York's Yeshiva University: "We know that our species has managed to live 26 years since the development of the A-Bomb. We want to know if it is going to live 100, 1,000, 1,000,000 or 1,000 million years. The whole argument about communication hinges on the longevity of a species."

Man, for example, has been inadvertently sending strong signals into space for about 15 years by using military radar and UHF communication devices. If the nearest technological race is 20 light years away, for instance, the terrestrial signals will reach it in 1976. If that distant race immediately composes a message and sends it back, it will

not reach the earth until 1996.

There are other formidable problems in communicating with an alien race. At what frequency would a civilisation listen for and transmit messages? Many scientists have proposed the 21-cm band which is the wave length of emissions from the hydrogen atom, the most abundant element in the universe. Another hurdle might well be the choice of language that would universally understood by intelligent beings. Also because man has so recently entered a technological state, any civilisation capable of receiving earthly signs might be far more sophisticated. Would it bother to reply? Probably not, according to Sagen, because the alien race might find men as inferior as men find ants. "Would we bother teaching the alphabet to the ants?" he asks.

On several occasions in the past decade, radio astronomers have been startled to receive signals that seems to signify an extra-terrestrial intelligence. By 1960, when scientists led by Frank Drake in an operation called Project Ozma used the radio telescope at Green Bank, West Virginia, in an attempt to pick up signals from nearby stars they detected regular pulses that were later presumed to be emanating from a U.S. radar experiment. In the mid-1960s, a Russian astronomer detected varying signals from a mysterious radio source; Tass breathlessly reported that the signals were a beacon from the supercivilisation. The source was later identified as a distant star-like quasar. When Cambridge Astronomer Anthony Hewish and his assistant Jocelyn Bell in 1967 recorded blips coming from space at precise intervals, they playfully named the sources LGMs (for Little Green Men) on the chance that they had detected... (to be continued)

# CLOSE-UP ON UFOLOGISTS

Dr. Frank E. Stranges

Dr. Frank Ernest Stranges is in fact an evangelist. Born June 10th 1927 with brown eyes and hair, he studied with the Faith Bible College now known as the Florida State Christian University, and slowly entered into teaching of, not only of the faith, but of UFOs.

Dr. Stranges holds various degrees ie. Bachelor of Divinity, Dr. of Psychology, and doctor of Philosophy. He is therefore well qualified to deal with the strange and unnatural, as well as administer blessings and christian teachings to those who wish it.

Of Franks Flying Saucer investigations, he is somewhat of an expert. There really are NOT many experts on this subject. Dr. Stranges has had more press write-ups than I have room here to reproduce on the subject of unidentified flying objects.

When he came to Woburn Abbey for his lecture on the subject in 1967 he brought with him, his terrific motion picture of documented evidence on the phenomenon titled: "PHENOMENA 7.7" so called due to the number of sighting NOT YET EXPLAINED. Dr. Stranges has written

books on the subject: FLYING SAUCER-AMA and STRANGER AT THE PENTAGON, of which the latter should be left up to the reader to decide if the facts are true or false.

Dr. Frank E Stranges is well versed in tracking down evidence since he was a private investigator (undercover agent) for a number of Detective Agencies and secret service bureaus in Minneapolis, Boston, and California.

His records of UFO research reads:

1. Since 1945-Author of books as a result of research; as seen above,
2. Lectured extensively on the UFO subject.
3. Produced Phenomena 7.7
4. Host of TV series "Flying Saucers HERE AND NOW (Autumn 1971) and has recently appeared on Gerry Anderson's TV film "UFO" in an exclusive interview." To go on recounting Franks work would fill up CNK.

Frank not only does all this but bugles himself with NICUFO, his own UFO research organisation, and produces UFO CONFIDENTIAL NEWSLETTER for members.

If a saucer sighting is given into this organisation, you can bet your bottom dollar that it will be wholeheartedly investigated. Frank does not turn aside pleas for help and we believe he does not exaggerate, as some of his critics here in England believe. Letters are answered, and friendships are made and the work goes on to find the

Out of the two UFO groups in the USA under similar titles Frank's NICUFO is doing the better job in investigation of the phenomena.

All in all Dr. Frank E Stranges is doing a hard unrewarding job, but a fine job worthy of his reputation, to inform the 'deaf' and 'blinded' public the reality of extraterrestrial sky machines. Write for information if you wish, I am sure your letter would be welcome to: Dr. Frank E. Stranges, NICUFO, 7970 Woodman Ave, Van Nuys, California-USA 91402. U.S.A.

THE EDITOR
